

**angeline m lyon nih pdf**

An incunable, or sometimes incunabulum (plural incunables or incunabula, respectively), is a book, pamphlet, or broadside printed in Europe before the year 1501. (Importantly, incunabula are not manuscripts.)As of 2014, there are about 30,000 distinct known incunable editions extant. The number of surviving copies in Germany alone is estimated at around 125,000.
