1. Select Time Horizon. Identify the desired time horizon for the problem at hand. The length of time will provide a guide for determining which variables to select and study further. Having a time horizon of two years, for example, will have different critical variables than those associated with a time horizon of 20 years.

Critical Thinking: What It Is and Why It Counts

Freethought (or "free thought") is a philosophical viewpoint which holds that positions regarding truth should be formed on the basis of logic, reason, and empiricism, rather than authority, tradition, revelation, or dogma. In particular, freethought is strongly tied with rejection of traditional social or religious belief systems. The cognitive application of freethought is known as ...

The masque and spectacle. Court masques and masques of the nobility were most popular in the Jacobean and Caroline era. Such masques, as their name implies, relied heavily upon a non-verbal theater. The character lists for masques would be quite small, in keeping with the ability of a small family of patrons to act, but the costumes and theatrical effects would be lavish.
