Industrial Democracy: Historical Development and Current Challenges** The following article gathers notes and comments on industrial democracy, its terminology, history and current developments. Industrial democracy is an enigmatic term whose spectrum of meanings is explored in the first section. The Anglo-Saxon term-

Industrial Democracy: Historical Development and Current

Industrialized Democracies do not have the world's most active states, but they all have a history of deep engagement at home and abroad. It was concluded that the government could not stay on the sidelines as their nation's challenges increased, thus forming the modern activist state.

Industrialized Democracies - AP comparative government and

Note: Beginning in Fall 2006, grades lower than C in political science courses will not be counted toward the political science major. If you can not open the PDF files you may need to download and install the free Adobe Acrobat Reader. If you can not open the PowerPoint files you may need to download and install the free PowerPoint Viewer.

POL 102: INTRODUCTION TO COMPARATIVE POLITICS

Industrial democracy is an arrangement which involves workers making decisions, sharing responsibility and authority in the workplace. While in participative management organizational designs workers are listened to and take part in the decision-making process, in organizations employing industrial democracy they also have the final decisive power (they decide about organizational design and hierarchy as well).
