The Local Twitch Response (LTR) is an involuntary spinal reflex contraction of muscle fibers within a taut band during needling. Research shows that biochemical changes occur after a LTR, which correlate with a clinically observed decrease in pain and tenderness after MTP release by Dry Needling (9).

The big things of Australia are a loosely related set of large structures, some of which are novelty architecture and some are sculptures. There are estimated to be over 150 such objects around the country. There are big things in every state and territory in continental Australia.. Most big things began as tourist traps found along major roads between destinations.
