creating a political log-jam of gigantic proportions" (Hulme 2009 , 333). The complexity of the international negotiations is extreme, and from a domestic political standpoint, we have framed climate change as a global mitigation problem requiring increased pay-ments by the median voter in the current generation.

The Global Politics of Climate Change: Challenge for

Under what conditions can global regulation be made to serve broader interests? This is the first book to examine systematically how and why such hijacking or "regulatory capture" happens, and how it can be averted.
