

the power of kindness pdf

Kindness is a behavior marked by ethical characteristics, a pleasant disposition, and concern and consideration for others. It is considered a virtue, and is recognized as a value in many cultures and religions (see ethics in religion).. In Book II of "Rhetoric", Aristotle defines kindness as "helpfulness towards someone in need, not in return for anything, nor for the advantage of the helper ...

In social psychology, reciprocity is a social norm of responding to a positive action with another positive action, rewarding kind actions. As a social construct, reciprocity means that in response to friendly actions, people are frequently much nicer and much more cooperative than predicted by the self-interest model; conversely, in response to hostile actions they are frequently much more ...
