In demography and medical geography, epidemiological transition is a phase of development witnessed by a sudden and stark increase in population growth rates brought by improved food security and innovations in public health and medicine, followed by a re-leveling of population growth due to subsequent declines in fertility rates. This accounts for the replacement of infectious diseases by ...

THE TRANSITION OF GUYANESE EDUCATION

The digital television transition, also called the digital switchover, the analog switch-off (ASO), or the analog shutdown, is the process in which older analog television broadcasting is converted to and replaced by digital television. This primarily involves the conversion of analog terrestrial television to digital terrestrial. However, it also involves analog cable conversion to digital ...
