Beautiful Mandala's These are pics of beautiful very intricate mandala's. I highly recommend this book if you are really into mandala's. Only downfall with this book is that it is 2 sided meaning a picture on both sides of the paper other than that the artwork is just gorgeous.

Hi, Thanks so much for this. It's great! Just one thing, the print order is not the same as shown in your pictures- instead of the ring on the left and the honeymoon car on the right, the PDF has the pages in order as they would be in the book, so the page with the ring on the left has the cake on the right, which does not work for printing.
