- Can you anticipate the needs of others before they even ask you for something? How well can you predict what's going to happen in your industry over the next five years? Your answer to these questions indicate how well you're thinking like a leader, which can significantly impact your career advancement. In my book *Invaluable*, I explored how to help individuals increase the value of their ...

Critical thinking is the objective analysis of facts to form a judgment. The subject is complex, and several different definitions exist, which generally include the rational, skeptical, unbiased analysis, or evaluation of factual evidence. Critical thinking is self-directed, self-disciplined, self-monitored, and self-corrective thinking. It presupposes assent to rigorous standards of ...

Six Thinking Hats is a system designed by Edward de Bono which describes a tool for group discussion and individual thinking involving six colored hats. "Six Thinking Hats" and the associated idea parallel thinking provide a mean for groups to plan thinking processes in a detailed and cohesive way, and in doing so to think together more effectively.. In 2005, the tool found some use in the ...
