Land use involves the management and modification of natural environment or wilderness into built environment such as settlements and semi-natural habitats such as arable fields, pastures, and managed woods. It also has been defined as "the total of arrangements, activities, and inputs that people undertake in a certain land cover type."

Land use - Wikipedia

Continuing Education at the University of New Hampshire is offered by numerous colleges, departments and units. Programs and courses draw on applied knowledge from different disciplines and occupations to facilitate career advancement, degree completion, retraining, licensure renewal, certification, and professional development.
